STAFF RECRUITED ON CONTRACTS

In addition to permanent officials, the European Commission often recruits non-permanent staff. There are two categories of non-permanent staff:

- **temporary agents** are recruited to fill vacant positions for a set amount of time or to perform highly specialised tasks.
- **contract agents** may provide additional capacity in specialised fields where an insufficient number of officials is available or carry out a number of administrative or manual tasks. They are generally recruited for fixed-term contracts (maximum 6 years in any EU Institution), but in some cases they can be offered contracts for an indefinite duration (in offices, agencies, delegations or representations).

DSA Policy Officer

in DG COMM / DG CONNECT of the European Commission

Domain: ICT and INTERNET in SOCIETY, SCIENCE, and INDUSTRY

Where: Commission's Representations in all EU Member States

Function Group: FG IV

Contract Type: 3a

Express your interest until: 16.07.2024 - before 12.00 (noon), Brussels time

WE ARE

We are the Platforms Directorate at DG CONNECT.

Our work covers a broad range of policies and regulations applicable to online intermediary services, including the Digital Services Act, the Digital Markets Act, the Platform-to-Business Regulation, the Geoblocking Regulation and the E-commerce Directive.

A major part of our work concerns the enforcement of the Digital Services Act. This is a growing, dynamic and highly motivated team of enforcers from a broad variety of background.

We are seeking to further reinforce this team in 2024.

The Digital Services Act and the Digital Markets Act constitute ground-breaking new digital regulations and are amongst this Commission's priority actions in the field of digital rules and regulations as part of the policies to build Europe fit for the digital age.

The Commission has established a new regulatory entity within DG CONNECT, in a dedicated 'Platforms Directorate'. Inside this Directorate, the Digital Services Act Enforcement Team will be tasked with the regulatory work, under worldwide unique new powers of the Commission, supervising "very large online platforms" and "very large online search engines" designated by the Commission, i.e. those with more than 45 million users in the EU. This includes search engines and platforms such as social media sites, video-sharing platforms, and online marketplaces. The designated very large online platforms and search engines are also charged a supervisory fee on an annual basis, that the Commission needs to collect and manage. The Commission is also called to chair and convene the meetings of the DSA Board.

With these ground-breaking new regulatory powers, the Commission supervises the systems that such online platforms put into place to tackle illegal content, fight disinformation, uphold user rights, and protect user's health and wellbeing – hand-in-hand with the national regulatory

authorities. The team cooperates closely and seamlessly with the newly established European Centre for Algorithmic Transparency, established at the Commission's Joint Research Centre. Part of the work involves scrutinising platforms' recommender systems and content moderation algorithms, as part of their overall compliance with the Digital Services Act. The team also ensures coherence between the DSA and DMA, as well as coherence with other legislative initiatives at EU and national level.

The team frequently interacts with external stakeholders, including the regulated entities, civil society actors and academics, as well as works closely with Member States, regulatory authorities and other bodies with relevant expertise as well as relevant third countries and international organisations.

WE PROPOSE

CNECT F1 is seeking to place 27 Contract Agents in Function Group IV to join the enforcement team of the Digital Services Act in Commission's Representations located in the capitals of all Member States.

The selected experts will work fully embedded in multi-disciplinary teams dealing with designated services and co-operating with regulatory authorities in one Member State together with the team in Brussels. They will engage with stakeholders and gather knowledge and evidence to support the application of the DSA, and will support the investigations team on the ground, by detecting, investigating and analysing potential infringements of the DSA.

WE LOOK FOR

We are looking for a Legal and Policy officer profile.

Eligible candidates will be considered for the selection phase on the basis of the following criteria:

- Relevance of the university diploma and of the professional experience of at least 2 years after having obtained the diploma;
- Good knowledge of the EU's digital strategy in general and the Digital Services Act in particular, including its enforcement architecture and cooperation mechanism with Member States;
- Ability to communicate fluently in a national language of the country according to the place of assignment, as well as knowledge of the local context and significant aspects relating to the Digital Services Act;
- Excellent analytical skills, as well as high quality drafting and communications skills;
- Ability to work effectively in teams, ideally across geographic boundaries.

The initial duration of contract is three years, with the possibility to extend it up to 6 years in total. The candidates' attention is drawn to the fact that it is not the intention of the Commission to extend those contracts indefinitely; as a consequence only one extension is envisaged in the interest of the service.

Regular travel either locally or to headquarters is expected.

The DSA Policy Officers hired by DG COMM, working in the Commission's Representations in the Member States on behalf of DG CONNECT for the duration of the assignment. The management of DG CONNECT will steer the DSA officers on policy substance and work content, in close cooperation with the Heads of Representation.
